Contactless ZK Green Pass

QR Code Scanner for

Access Control

ZKGREENPASS

ZKTeco launches ZPad Plus [QR], a contactless ZK Green Pass QR Code Scanner for access control with Android OS and a newly integrated QR module. ZPad Plus [QR] incorporates ZK Green Pass, a solution developed by ZKTeco Europe that allows you to verify EU Digital COVID Certificate's is valid and ensure that people accessing a building or premises comply with the recommendations issued by the European Union in times of the pandemic.

Contactless technology

QR code identification.

Universal solution

Suitable for all citizens regardless of their place of origin.

Real-time

Enables real-time queries into the EU Digital COVID Certificate database.

GDPR

Security

Consumer confidentiality is guaranteed as no information is stored inside the devices.

Customisable

Both the appearance of the device and its interface are customisable depending on the project.

Plug and Play

Thanks to its ease of installation, it allows the owner of the premises to focus on his business.

ZPad Plus [QR] certifies that the user:

✓ Is **vaccinated** with any Covid-19 vaccine.

✓ Has performed a **test with a negative** result within the last 48 hours.

✓ Has **recovered from the virus** within the last six months.
